

ProClick Flooring

Technical Support Limited

Designed as a cost-effective alternative to wood, vinyl or carpet flooring, S+H's ProClick modular flooring system is versatile, maintenance free and easy to lay. Hardwearing and simple to clean, 100m² can be laid in little over 20 minutes.

ProClick is multipurpose - it can be used in exhibition displays, special events, marquees, dancefloors and staging. The modular size is ideal for complex design work, and will deliver a colourful and practical design solution.

An Innovative, versatile
and hard-wearing Interlocking
flooring system

- 305 × 305 × 16mm Modular Size (1ft Tiles)
- Easy Maintenance - Quick to lay
